Step 2: Checking for Mandates

IEEE understands that certain authors may have specific requirements that must be satisfied to remain eligible for funding. To assist you in meeting these requirements, please indicate below if your paper has been funded in part by an organization that mandates deposit of a version of the article in an institutional repository.

If your work has been funded by an organization on the list below or if you are a student or staff at a UK-based university, please select the corresponding choice. You will then receive additional instructions on the steps needed to fulfill your requirements after the agreement is signed. What are Posting Mandates?

Certain affiliations may require that authors make their peer-reviewed publications publicly available by depositing a pre-print version of the work within a sanctioned repository.

IEEE has partnered with a selection of affiliates to assist with the process by providing authors instructions based on their specific mandate.

UK university staff and students that have unspecified funding and are required to adhere to posting mandates should select the "UK University Staff/Student (unspecified funder)"
